EXPERIENCE

HCLTECH | GRADUATE ENGINEER TRAINEE

Lucknow | August 2024 – Present

- Troubleshoot and resolved complex LAN and WAN issues to ensure peak network performance and reduce downtime.
- Collaborated with cross-functional teams to identify and troubleshoot network problems, leading to faster resolution times.
- Managed the configuration of routers, switches, and other network devices to maintain consistency and reliability across the network.

DUONOMIC | PRODUCT DEVELOPER INTERN

November 2023 – January

- Crafted a visually stunning and highly functional design for the application, ensuring an impressive and seamless user experience that captivates from the very first interaction.
- Contributed to the development of a robust user registration and authentication system using Angular, leveraging best practices to ensure a secure and seamless user onboarding experience.
- Enhanced the user interface and developed new pages, such as a testimonial section, to improve overall user experience and functionality

SKILLS

PROGRAMMING LANGUAGES
TOOLS / PLATFORMS
DATABASES

C, Java, HTML, CSS, JavaScript
VS Code, IntelliJ Idea, Oracle SQL
MySQL

PROJECTS / OPEN-SOURCE

FANMANIA (SOCIAL MEDIA WEBSITE) | [Link](#)

React, Firebase

- This project aims to create a specialized social media platform dedicated solely to movies and web series. Users can discover new releases and provide ratings accordingly.
- Firebase serves as the robust backend infrastructure, empowering seamless data management and real-time functionality for the project.
- Secure user authentication system protects user data from unauthorized access.

WEATHER APP | [Link](#)

HTML, CSS, JavaScript

- Sleek Design: A visually appealing and user-friendly interface.

- Implemented an API integration for fetching real-time weather data, ensuring seamless retrieval and display of accurate weather information within the application.

QUIZ APP | [LINK](#)

HTML, CSS, JavaScript

- Sleek Design: Developed a visually appealing, intuitive, and user-friendly interface, ensuring smooth navigation and enhanced user engagement.
- Real-time Analytics: Implemented real-time analytics to deliver instant performance feedback, allowing users to track progress and improve learning outcomes.
